One of the best Detroit DJs during the late '80s, Kelli Hand set up her own Acacia Records in 1988 and later began producing albums in earnest during the mid-'90s, recording precise acid stormers as well as a growing number of tracks more on the verge of jazzy progressive house. She had spent time clubbing in New York (mostly at Larry Levan's Paradise Garage) before she began buying house records in the mid-'80s. Hand later became a DJ, mixing sets around the Motor City with an equal weight on house as well as techno.

Trance Europe Express, Vol. 2 [Volume] After K Hand founded Acacia Records, she began releasing tight Detroit classics like "Think About It," "Everybody," "Flash Back" and "Mystery." By 1994, Hand was being name-checked by an international audience, and the release of her break out single "Global Warning" on Warp that same year cemented her status as one of the top Detroit producers not just one of the top female producers. High-profile compilation appearances on Trance Europe Express, Vol. 2 and Detroit: Beyond the Third Wave extended her fame.

K Hand entered the album ranks in 1996 with On a Journey, the first non-DJ release for Belgium's Studio !K7. Six months later, Ready for Darkness followed on Distance Records and two months after her sophomore LP, the third was in the can as well. Soul, recorded for Germany's Ausfahrt, combined progressive house flavors with a distinctly jazzy sound showing Hand's continued risk taking stance regarding her Detroit roots. Her second Studio !K7 album, Art of Music, appeared in 1998 and her debut for Ausfahrt (Fantasy) followed one year later.
Hand has also provided house remixes for Carl Craig's Paperclip People and Argonic.

Remco Beekwilder

[Monnom Black, Emerald Label | NL]

Fairly new to the scene, but already way ahead of his game. With his signature sou nd clearly rooted in nostalgia, the Dutchman quickly marked his own place in the el ectronic scene by playing at some of the leading clubs and events such as Awakeni ngs, Reaktor, Berghain and Tresor.

A new player in the scene that has already been making waves, Remco Beekwilder has seen a steady flow of releases on acclaimed imprints such as Stranger's Self Refl ektion and Anecdote Records over these past three years. With his energetic and dee p sound clearly rooted in techno, Remco Beekwilder has already marked his place as a force to be reckoned with.

In 2017, he arrived on Dax J's Monnom Black label with the monumental 'LSD' EP, w ith four absolute essential floor killers that showed his diversity and capability as a pro ducer. Early this year saw Remco Beekwilder launch his own label, EMERALD with hi s 'Nightlife' EP. An ode to stay loyal to the rave while pushing the boundaries of electr onic music, the EP is themed with eerie rave influences, featuring twisted stompers and hard-hitting kickdrums that are sure to send the dance floor into a hypnotic stomp.

A1 track 'Planet Acid' got featured in the Berghain 08 mix for Ostgut Ton. Additional EP's got released on self reflektion in 2016 (10th Planet EP) and in 2015 (Basement Tools EP).

The Faust of early books—as well as the ballads, dramas, movies, and puppet-plays which grew out of them—is irrevocably damned because he prefers human to divine knowledge; "he laid the Holy Scriptures behind the door and under the bench, refused to be called doctor of Theology, but preferred to be styled doctor of Medicine Plays and comic puppet theatre loosely based on this legend were popular through out Germany in the 16th century, often reducing Faust and Mephistopheles to figures of vulgar fun. The story was pop ularised in England by Christopher Marlowe, who gave it a classic trea tment in his play, The Tragical History of Doctor Faustus(whose date of publication is debated, but likely around 1587).[3] In Goethe's reworking of the story two hundred years later, Faust becomes a dissatisfied intel-lectual who yearns for "more than earthly meat and drink" in his life.Ω

Faust : SAMSA, DAMIE, Yeonjun Tanz Bar : Yajeen, Cosmo

Faust is bored and depressed with his life as a scholar. After an attempt to take his own life, he calls on the Devil for further knowledge and magic powers with which to indulge all the pleasure and knowledge of the world.
In response, the Devil's representative, Mephistopheles, appears. He makes a bargain with Faust: Mephistopheles will serve Faust with his magic powers for a set number of years,
but at the end of the term, the Devil will claim Faust's soul, and Faust will be eternally enslaved.

During the term of the bargain, Faust makes use of Mephistopheles in various ways. In Goethe's drama, and many subsequent versions of the story, Mephistopheles helps Faust seduce a beautiful and innocent girl,
usually named Gretchen, whose life is ultimately destroyed when she gives birth to Faust's bastard son. Realizing this unholy act, she drowns the child, and is held for murder.
However, Gretchen's innocence saves her in the end, and she enters Heaven after execution. In Goethe's rendition, Faust is saved by God via his constant striving—in combination with Gretchen's pleadings with
God in the form of the eternal feminine. However, in the early tales, Faust is irrevocably corrupted and believes his sins cannot be forgiven; when the term ends, the Devil carries him off to Hell.

Ahncheolsoon

ahncheolsoon

The most unorthodox and unique place that you can visit when you are in Seoul. The colors, furnitures, objects that they have are so disconnected from each other that all combined creates a surreal athmosphere that many Koreans use here as a method of escaping the real life.

The Henz Club

The artistry that the Henz Club put in their poster design is astonishing to us.

The Henz Club has a strong and underground look. The rough and somewhat chaotic design choices they made feel like they are making a statement…
